LIMITED WARRANTY

Full Commercial Warranty 1 year

Summary of Warranty

Portico Systems (Portico) warrants Natural Coco Custom + Logo Matting against wear for a period of 1 year in a commercial application, not including edging. This warranty applies only to material that is maintained according to our maintenance instructions. If the defect is covered by this warranty and is reported to Portico within the warranty period, Portico will supply new custom matting of the same or similar grade to repair or replace the defective material.

- **Wear**
Fiber loss is defined as pile reduction that exceeds 20% in any one area, or to the point the backing is showing through to the top of the mat.
- **Manufacturing Defects**
Portico warrants Natural Coco Custom Matting + Logo Matting materials are free from manufacturing defects and will replace custom matting for a period of up to one [1] year from date of purchase. Portico will not pay labor costs to repair or replace materials that defects were apparent before or at the time of purchase.
- **Other Limitations**
 - This warranty is non-transferable.
 - Manufacturing defect must be reported within 3 months

from date of purchase.

- This warranty covers only properly maintained mats.
- Portico excluded and will not pay for any consequential or incidental expenses.
- Portico reserves the right of final judgment and may refuse claims in certain instances.

*For a copy of the full warranty please ask for a warranty sheet.

PACKAGING & DIMENSIONS

Sheet/Roll Width (± 2%): 6' 7"

TECHNICAL SPECIFICATIONS

Antistatic: Yes
Pill Test: ASTM D2895 Passes

FLAMMABILITY

Radiant Panel (ASTM E648 / DIN 4102) Class II

MAINTENANCE

Regular vacuuming (Weekly in low-traffic areas, and daily or twice daily in areas with higher traffic) with a motor-driven brush and beater bar can remove up to 80% of surface dirt, and is the easiest way to prolong the life of your carpet. Regular vacuuming is key to maintaining your carpet, but eventually the carpet color dulls from dirt and grime stuck in the fibers. The dirt is then carried further into the building to form more soil reservoirs. Additionally, the oil content (15%) of the soil causes particles to stick to carpet fiber and resist vacuuming. To restore the carpet to its best condition, frequent light cleaning gives the best result and is often very cost effective.

IMPORTANT NOTICE

Sample swatches have been cut from an overall design; decoration and shade may vary.

*All colors (except Natural 2013-03) are vegetable dyed. Color transfer may occur if material gets wet.
